The results of 2019 at a glance
In 2019, we reached a total of 5988 students through TVET training, our second chance secondary school in Zimbabwe, our community outreach programme and by disseminating our model.
47% were male and 53% female
Of our graduates make healthier choices in regards to HIV and AIDS

Of our graduates feel more confident about their future than before the training

Of our graduates are gainfully employed
Before training 77% of students had no income, after training 56% earned an income.

Data from baseline and follow-up questionnaires at Young Africa Zimbabwe.
We want to empower as many youth as possible, so in 2019, we disseminated our Young Africa model to ten other organisations.

“Vulnerable young people are mostly challenged by low self-esteem. Delivering Life Skills as they acquire vocational and technical skills has proven very vital in enhancing self-esteem and self-actualization.

SOS Children's Villages in Malawi
Since 1998 we have trained 39,237 youth and we will enthusiastically continue to train many more
